Interim Directors' Report

For the period 1 January 2021 to 30 June 2021

This report is published in terms of the Prospectus MTF Rules and the Prevention of Financial Markets Abuse Act 2005. The underlying accounting policies are the same as those adopted by Testa Finance P.L.C. ('the Company') in its published annual report. The interim financial information included in this report has been extracted from the company's unaudited accounts for the six months ended 30 June 2021, as approved by the board of directors on 25 August 2021 and are prepared in accordance with IAS 34 'Interim Financial Reporting'.

Principal activity

The principal activity of the Company is to act as a finance and investment company. The activities of the Company are expected to remain consistent for the foreseeable future.

Principal risks and uncertainties

The Company is mainly dependant on the business prospects of the Testa Group of Companies (the "Group"), and consequently, the operating results of the Group have a direct effect on the Company's financial position and performance, including the ability of the Company to service its payment obligations under the issued bonds. The directors are confident that the group's operations would generate enough earnings to meet the company's commitment.

The Company's main assets consist of receivables for loans issued to related companies forming part of the Group. Therefore, the ability of these companies to effect payments to the Company under such loans will depend on their respective cash flows and earnings which may be restricted by:

- changes in applicable laws and regulations;
- the terms contained in the agreements to which they are or may become party, including the indenture governing their existing indebtedness, if any; or
- other factors beyond the control of the Company.

Additionally, the Company is directly exposed to the risks associated with the local property market. The property market is affected by many factors, such as general economic conditions, availability of financing, interest rates and other factors, including supply and demand, or the exercise by tenants of their contractual rights.

Review of business

During the period under review the Company registered a profit before tax of € 27,100 (2020: € 18,896).

Interim Directors' Report (continued)

For the period 1 January 2021 to 30 June 2021

Future developments

The Group primarily operates in the catering industry. In preparing these interim financial statements, given that the Group is economically dependent on the operations carried out in the catering industry, the directors of the Company have taken into consideration the potential impact of the outbreak of COVID- 19 on the Company as well as the wider Group.

Due to the COVID-19 outbreak, all the operations of the Group were negatively affected and had to deal with government-imposed restrictions on all operations, which measures were introduced in an effort to curb the pandemic. In light of the situation, the Government of Malta announced several support measures to mitigate the negative effects brought about by the pandemic. The Group applied for various schemes including the COVID-19 Wage Supplement Scheme, COVID Electricity Bill Refund, COVID Rent Refund and the MDB COVID-19 Assist loan provided by local credit institutions, to manage the liquidity and cash flow position of the Group.

The Group shall continue to closely monitor the situation and constantly assess the impact of the COVID-19 pandemic on its operations. The Group acknowledges that there is still a high degree of uncertainty, however the directors will continue to take appropriate actions, as they have already done, and consider the Group resilient enough to be able to sustain the current conditions.

Taking into consideration all of the above factors and circumstances, the directors are satisfied that, at the time of approving the financial statements, it is appropriate to adopt the going concern basis in preparing the interim consolidated financial statements.

Dividends and reserves

The directors do not recommend the payment of a dividend and propose to transfer the profit for the period to retained earnings.

Directors

The following have served as directors of the Company during the period under review:

Mr Jean Paul Testa
Ms Hanna Testa
Mr Nigel Scerri
Mr Raymond Pace
Dr Reuben Debono

Directors' interest

The directors' beneficial interest in the shares of the Company at 30 June 2021 is limited to 2 ordinary shares having a nominal value of €1 and 25% paid up held equally by Ms Hanna Testa and Mr Jean Paul Testa.

Notes to Condensed Interim Financial Statements

For the period 1 January 2021 to 30 June 2021

1 GENERAL INFORMATION

Testa Finance PLC is a limited liability company domiciled and incorporated in Malta on 22 March 2018.

The Financial Statements for the year ended 31 December 2020 are available upon request from the company's registered office at RU 19, The Pjazza, Tigne Point, The Point, Sliema

The condensed interim financial statements were approved for issue by the board of directors on 25 August 2021.

2 ACCOUNTING POLICIES

2.1 Basis of preparation

These financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the EU and comply with the Companies Act, 1995. The financial statements have been prepared under the historical cost convention, except for those assets and liabilities that are measured at fair value.

The preparation of financial statements in conformity with IFRSs as adopted by the EU requires the use of certain accounting estimates. It also requires directors to exercise their judgement in the process of applying the Company's accounting policies. Estimates and judgements are continually evaluated and based on historical experience and other factors including expectations of future events that are believed to be reasonable under the circumstances.

In the opinion of the directors, the accounting estimates and judgements made in the course of preparing these financial statements are not difficult, subjective or complex to a degree which would warrant their description as critical in terms of the requirements of IAS 1.

2.2 Assessment of going concern assumption

The directors have a reasonable expectation at the time of approving the condensed interim financial statements that the company has adequate resources to continue in operational existence for the foreseeable future. For this reason, the directors continue to adopt the going concern basis in preparation of the condensed interim financial statements.

For the period 1 January 2021 to 30 June 2021

2 ACCOUNTING POLICIES (continued)

2.3 New and revised standards

2.3.1 Summary of Significant Accounting Policies

The accounting policies are consistent with those of the annual financial statements for the year ended 31 December 2020 as described in those financial statements.

2.3.2 Standards, Interpretations and amendments to published standards effective in 2021

During 2021, the Company has adopted revised standards, amendments and interpretations to existing standards that are mandatory for the company's accounting period beginning on 1 January 2021.

The adoption of these revisions to the requirements of IFRSs as adopted by the EU did not result in changes to the company's accounting policies.

2.3.3 Standards interpretations and amendments to published standards that are not yet effective.

Certain new standards, amendments and interpretations to existing standards have been published by the date of authorisation for the issue of these condensed interim financial statements that are mandatory for the company's accounting periods beginning after 1 January 2021. The company has not early adopted these revisions to the requirements of IFRSs as adopted by the EU and the company's directors are of the opinion that, with the exception of the below pronouncements, there are no requirements that will have a possible significant impact on the Company's financial statements in the period of initial application.
